

**SCALA  
RIDER®  
TeamSet™**

*Cellphone  
and Intercom  
Headset for  
Motorcycle  
Helmets*

 Bluetooth®

**MP3 Connectivity** | **Transmits GPS instructions** | **Fits all helmets** | **Fully weather protected** | **Auto-volume adjustment** | **5 minute installation** | **Voice command** | **Up to 7 hrs. talk-time**

**Intercom enabled**

**Voice Command TeamSet™**

The SCALA RIDER® TeamSet™ for motorcycle helmets offers Bluetooth® handsfree wireless communications both via intercom with your Passenger and your mobile phone. The Passenger can be conferenced into the call with Driver and third party. The SCALA RIDER TeamSet automatically adjusts its sound level as your riding conditions change.

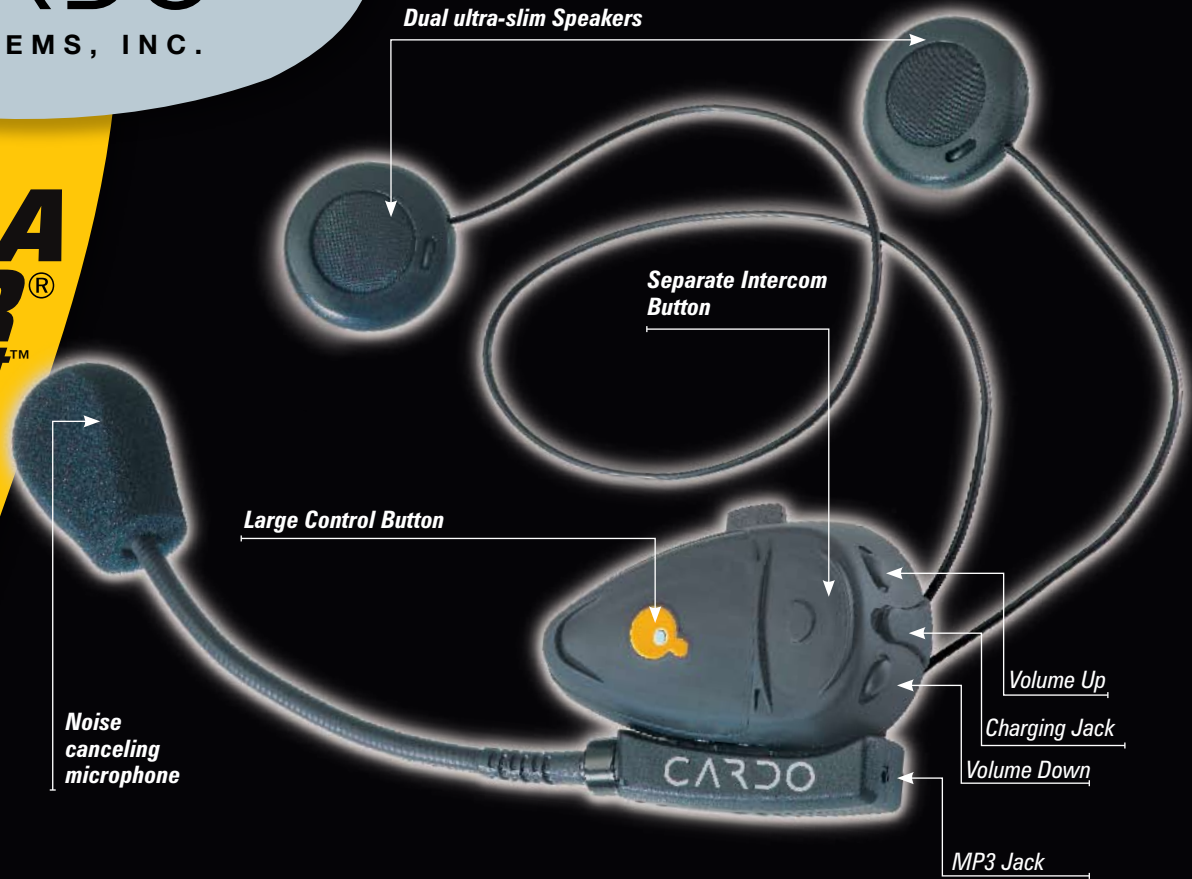

Special features for the Drivers headset include transmitting GPS navigation instructions from a GPS device and the ability to initiate calls, accept or reject incoming calls by voice control to keep both hands on the handlebars.

Now each headset includes an MP3 jack so that Driver and Passenger can listen to their favorite tunes from their own MP3 player by just plugging it into the unit.

**High-end mobile phone and Intercom Communication**

- VOX Technology - Driver can receive, initiate, and reject mobile calls by voice control
- Full Duplex - Driver and Passenger can talk and listen to each other simultaneously
- Conference call - Driver can initiate conference call with Passenger and third party
- GPS - transmit navigation instructions from your GPS unit
- Connection to an MP3 Player (cable included)
- Weather protected headset fits all full-faced and ¾ helmets
- Easy installation within minutes
- AGC Technology automatically self adjusts speakers volume according to speed and ambient noise
- Dual Ultra-Slim Speakers for superb audio
- Up to 7 h. talk-time / 1 week stand-by
